

“Hour long mock interviews followed by fifteen minutes of excellent direct feedback”

Available Pathways:

Building Surveying, Built Infrastructure, Commercial Property, Facilities Management, Management Consultancy, Planning and Development, Project Management, Quantity Surveying and Construction, Residential, Rural Practice and Valuation.

“A DeLever 60 minute APC mock interview with real and current APC assessors. The DeLever APC mock interview is as close to the real thing as we can make it. The interview questioning will be based on your personal APC submission documents, just like the real APC final assessment. The mock interview is followed immediately by a 15 minute feedback critique from the assessors based upon your performance. We look forward providing you with some of the most important feedback you'll ever receive!”
